

Need help with continuous improvement initiatives?

At Segla we work with you to identify and tailor the best solutions package to your specific requirements. We are innovative thinkers and demonstrate a willingness to work with our clients to enable them to increase efficiencies, improve quality and customer satisfaction.

We offer tailored training programs and supporting consulting services in the following areas:

- **Lean Six Sigma Green and Black Belt Certification**
- **Lean & Lean Six Sigma Training Programs**
- **Competitive Manufacturing**
- **Business process analysis**
- **Project management planning and support**
- **Complete supply chain optimisation solutions**
- **Cultural change programs**

Our methodologies can be readily applied across all business functions of industries such as: Oil, Gas, Mining, Manufacturing, Supply Chain & Warehousing, Food & Chemical, Pharmaceutical, Quality Laboratories, Financial Services, Health, Defence, and Government.

We are dedicated to being the supplier of choice when it comes to delivering business efficiency solutions utilising Six Sigma, Lean Manufacturing and Process Improvement Methodologies. From developing complete training strategies, providing implementation assistance and support or through conducting specific assessments, we are able to help your business effectively identify and implement continuous improvement solutions.
